## ARMISTICE DAY CELEBRATION HERE WILL BE COUNTY-WIDE

### THE SEASON'S OPENING WAS FEATURED BY HENKE'S BAND

#### LARGE CROWDS GATHERED AT CITY PARK WHERE A SPLENDID PROGRAM WAS CARRIED OUT HERALDING 1927-28 ACTIVITIES

The formal opening here on Tuesday evening of St. Cloud's tourist season with a whirl of music, enthusiastic speeches and other merry-making was unique in every respect and was witnessed by a large number of visitors from many other states and from all sections of Central Florida.

F. W. Henke's band was easily the high inspiration of the occasion, and encore after encore followed classic and popular rendition alike, as the 18 artists under Professor Henke's direction entertained the people crowded into City Park.

Mayor Parker was to have delivered the opening address but was unavoidably delayed together with City Engineer L. E. Trickle at Orlando where the two officials had been called during the afternoon to sign the St. Cloud paving contracts let here last week with the Freshwater Construction Company of St. Petersburg. In the absence of the Mayor, Commissioner Outlaw officiated, welcoming the visitors in well-chosen words.

The band was excellent in E. L. King's best overture, "The Fountain of Youth," and after the artists responded to one encore the crowds cheered lustily for a second.

Members, Gule and Newman will long be remembered for their excellent interpretation and delivery of Sergeant's "Nip and Tuck," a duet for clarinet and flute. They were so near perfect that it looked at one time as if the audience, if its cheering counted, would have them play all night.

With the entire band rendering in thrilling rhythm Sousa's famous, "Semper Parvula," and Andson's "Grandfather's Clock," it was dedicated that Mr. Henke had captured as great praise as any other bandmaster and selection of artists with him had ever enjoyed in Florida. The work was that of finished musicians, knowing their parts and acting accordingly.

It is needless to say that each of those, like every other selection on the evening's program were played to encores.

Especially did the crowds receive with unanimous applause the military character in which Sousa's "Semper Parvula" was rendered, many declaring that it reminded them so intimately of the days of 25 years ago when the famous Sousa himself was so popular with this and others of his musical creations at the White House in Washington.

Lutescent, by Koler-Bela, and other classical and popular band pieces were on the program, all of which, due to the broad variety of the numbers and the versatility of the musicians left no room for anyone to deny that St. Cloud's widely announced opening tourist season's program was the best heard anywhere in the state.

### PRESENT SECRETARY IS SATISFACTORY TO THE C. OF C.

The question of appointing a permanent secretary to conduct the affairs of the chamber, when it came up for discussion, was quickly settled by the unanimous agreement that the acting secretary, Miss Mary Alice Tracey, was competent to fill the position.

Mr. Pike, the president, said he wanted the question settled so that he could answer a number of persons who are applying for the post.

The meetings of the organization and its activities are as satisfactory in numbers and scope as at any previous time, and it was the consensus of opinion that no additional expense should be incurred.

St. Cloud is well advertised, and the press of the state has come to recognize it as a good news center, because of its all-year business activities.

### BANDY TO COLLECT TAXES HERE TWO DAYS NEXT WEEK

Attention is called to a notice, printed elsewhere in today's Tribune, stating that the Tax Collector, Mr. C. L. Bundy, will be in St. Cloud next week for the purpose of collecting taxes. He will be at the People Bank on Tuesday, November 8th and at the Citizens State Bank on Thursday, November 10th.

### ST. CLOUD BAND SATURDAY AND SUNDAY

The St. Cloud Band, under the directorship of F. W. Henke, will be heard at the band shell located on the "Depot Lot" at 7 o'clock, Saturday evening, and Mr. Henke and his 18 artists will be at City Park at 2:45, Sunday afternoon.

Beginning next week the band will play on both Thursday and Saturday evenings at the Depot Lot stand and at 2:45 in the city park on Sunday afternoons. Other announcements will be made later.

### KISSIMMEE DIRECTS BASEBALL TEAM TO ST. CLOUD

MR. WHOLEY, MANAGER C. OF C. EXPLAINS THE KISSIMMEE BALL PARK WILL BE OCCUPIED BY OTHERS—ST. CLOUD HAS FACILITIES

Partinent evidence of the warm spirit of co-operation existing and growing between the cities and towns of Osceola county was brought out at Wednesday's Chamber of Commerce luncheon when a letter from the secretary-manager of the Kissimmee Chamber of Commerce, Mr. Whooling, addressed to the manager of the Newark, N. J., International Baseball Club was read.

The Newark baseball magnate, it appears from the letter to Mr. Whooling, wanted to train in Kissimmee, but due to the fact that a contract had already been entered into by the Kissimmee people to turn over the city's baseball park facilities to the Rochester, N. Y. club for the approaching season, the Kissimmee Chamber of Commerce could offer no inducement to the Newark team of the same association.

Therefore, in replying, Mr. Whooling not only suggested St. Cloud, "our neighbor city," but said that it was his belief that the Newark club did find every facility and comfort assured in St. Cloud.

The secretary of the St. Cloud chamber was directed to thank the Kissimmee club for the kind act of his organization and to write to the Newark baseball club with a view of ascertaining what its members would require. Meanwhile, it was pointed out, this would not interfere with the negotiations now going on, or at least being touched, by Mr. Hunter.

Another splendid publication, "The Osceola Freeman," was added to the list of newspapers and magazines being printed in the St. Cloud Tribune plant, when the Freeman made its initial appearance this week.

The magazine is devoted to news and endeavors of particular interest to members of the order and is being published "for the purpose of creating greater interest in Masonry by keeping the craft informed as to the activities in the various Masonic bodies of Osceola county."

It is edited and published in St. Cloud by A. E. Cowger, with D. E. Zellers as advertising manager. Both of these gentlemen have left a clear impression of their distinct qualifications, as the magazine is unusually well edited and all the space that it was agreed to allot to advertisers has been contracted for by Osceola county subscribers.

### LOOKING FOR PULP MILL LOCATION IN THE SOUTH

The development department of the Atlantic Coast Line railroad has advised the St. Cloud Chamber of Commerce that Mr. Stephens, of Atlanta, D. Little, Inc., Boston, Mass., is looking for a desirable section of Florida where a pulp paper mill can be located, with a view of consuming southern pine in the manufacture of print paper.

Anyone interested in the letter can read the same by applying to the secretary of the Chamber on Tenth street.

The Interstate Association will hold the first meeting of the season at the Tourist Club House on November 8th at 2:30 p. m.

All members are requested to attend the opening meeting, which will be in City Park.

### PROCLAMATION

WHEREAS: November 11th, 1927 has been nationally declared ARMISTICE DAY in fitting commemoration of the cessation of hostilities in our late World War, and

WHEREAS: Preparations have been made for a fitting observance of this event by our local patriotic organizations;

NOW THEREFORE: I, COLVIN P. PARKER, Mayor-Commissioner of the City of St. Cloud, Florida, hereby urgently request that all places of business within the city remain closed from the hour of 10:00 A. M., November 11th, 1927.

COLVIN P. PARKER,  
Mayor-Commissioner,  
City of St. Cloud, Fla.

### ELABORATE PLANS ARE PERFECTED BY LEGIONNAIRES, SPONSORING THE OCCASION FOR IMPRESSIVE CEREMONIES NOV. 11 PAYING TRIBUTE TO WORLD WAR COMRADES

PARADE STARTS AT 10:45 A. M.; FOOTBALL GAME 3:00 P. M.; SHOW 7:00 P. M. AND VICTORY BALL AT 9:00 O'CLOCK

All St. Cloud may reasonably anticipate the greatest Armistice Day Celebration the city has yet witnessed when the well-defined program begins at G. A. R. Hall a week from tomorrow morning at 10:15. It will last until a late hour in the evening, with the Legionnaires of the county united in sponsoring the festivities and ceremonies and visitors from far off points joining the home folks and participating in the enjoyments of the occasion.

The opening gun of the observance will be set off with a parade of all patriotic and civic organizations and school children—starting from the G. A. R. Hall at 10:15 and ending at the City Park some 45 minutes later. There the ceremonies will begin with touching reminders and in honor of the men who made the supreme sacrifice that we might live to enjoy true Democracy in this great land. The invocation will be delivered by Lieutenant Frank, greetings extended by Mayor Comrade Colvin Parker and a fitting response will be made by the Commander of the St. Cloud Post, American Legion. Comrade Zetrouer will introduce the speaker of the day, Lieut-Col. Harold P. McFarlane, who will come up from Tampa to be with the St. Cloud people for the celebration.

All patriotic and civic organizations are urgently requested by Lenox E. Trickle, Marshal, to take part in the parade.

There will be plenty of transportation available, he says, for those who are unable to march, and the committee requests and hopes that all those using their cars in the parade will decorate them appropriately with flags and bunting, in keeping with the spirit of the day.

The Parade Marshal's order and line of march is outlined in the following:

#### Office of Marshal Armistice Day Parade

Order No. 1 November 2, 1927.  
1.—Armistice Day Parade will form at the G. A. R. Hall promptly at 10:15 A. M., November 11th, 1927, in the following order:

- Boy Scouts.
- Civil War Veterans.
- Woman's Relief Corps.
- Sons of Veterans.
- Daughters of Veterans.
- Spanish War Veterans.
- World War Veterans and Auxiliary Organizations.
- School Children.
- Civic Organizations.
- Automobiles.

2.—The line of march will be East on Eleventh Street to New York Avenue, thence North on New York Avenue to Tenth Street, thence East on Tenth Street to Florida Avenue, thence North on Florida Avenue to Eighth Street, thence East on Eighth Street to City Park. On arrival at City Park, parade will disband.

3.—Persons are requested not to park vehicles along the line of march between the hours of 10:15 and 11:00 A. M.

LENOX E. TRICKLE,  
Marshal of Parade.

At the conclusion of the ceremonies of the morning, which it is expected will be around noon, the ladies of the St. Cloud Auxiliary, American Legion, will serve a luncheon in the Club House, and everyone desiring lunch will find plenty of good, appetizing dishes at their service, prepared by "The Good Right Arm" of the Legion.

At 3:30 p. m. time will be called for the football game "of the season" at Galion Gardens, where the St. Cloud and Kissimmee High school teams will put up a sensational battle for further gridiron honors and where ample provision has been made for the vast crowds expected to attend, and cheer the boys on.

Kissimmee defeated the St. Cloud boys last year by a very narrow margin, but Director Geiger reports the St. Cloud contingent in far better shape this year, and it is the confirmed belief and hope of the St. Cloud fans that Kissimmee will have to divide (Continued on Page 81x)

### WANT FIFTEEN DECORATED CARS

L. E. Trickle requests the use of at least fifteen cars, fittingly decorated for the occasion, to carry folks who are too old to get in the line of march, from G. A. R. Hall to the City Park on Armistice Day—Thursday, November 11th. Those who can assist in this worthy effort will kindly leave their names at the Chamber of Commerce so that the Legion boys may know that there will be no hitch to mar their program in this respect.

### THREE PROJECTS IN CITY ARE TO BE HARD-SURFACED

WEST END OF LAKE BOULEVARD; TENTH STREET TO THE EAST, AND NEW YORK AVENUE FROM 12th TO 13th WILL BE BUILT

The hard-surfacing of Tenth street will be carried on, approximately 30 feet wide to the east city limits; the west end of the Lake boulevard will be built from Massachusetts avenue to Columbia avenue, where it will be connected with the Parlin settlement highway; and New York will be extended, the same as the present hard surface is seen on that avenue, to 13th street, according to contracts let to E. A. Freshwater & Sons, of St. Petersburg, at a meeting of the city council late last week.

It was stated today through official channels that the construction of these three projects would begin probably within the next 30 or 40 days—as soon as the bonds which have been sold for the purpose of defraying the cost can be realized on and the contractors have had time to get materials and machinery in position to proceed.

The bonds which had been authorized by the people to be issued and the proceeds used for the purpose of building these streets sold at what business men and bankers considered a very good figure—45 and accrued interest.

The city officials were able to secure bids for cement construction, so that each of the new projects will be built of cement, five inches deep, the same as was laid down on the city's other splendid streets and boulevards.

### ANDERSONS ARE NOW RECOVERING FROM TAFT ACCIDENT

Mr. and Mrs. George Anderson who left New York on October 24, enroute to St. Cloud by automobile, suffered a rather severe accident last Sunday morning, between the hours of 10 and 11 o'clock when, due to a blow out, the automobile in which the couple was driving at reasonably slow speed crashed into a gateway pillar marking the north entrance to Taft. The pillar, a tall brick affair, was hit so hard that it crumbled and fell over the top of the Anderson machine, crushing both the occupants so badly they were unable to move until a retired minister by the name of Murphy, who lives in Taft, discovered their plight and assisted in extricating them from the damaged machine and taking both to the Orange General Hospital at Orlando, where they received treatment. The windshield of the car was shattered, causing several lacerations to the occupants.

They are now in St. Cloud, at the home of Mr. A. J. Bookhout, where they are recovering from both injuries and the shock. Mr. Bookhout is a friend of the couple and upon learning of the accident he departed forthwith for Orlando where he gave every attention and assistance until Mr. and Mrs. Anderson were able to motor to St. Cloud with him Monday.

A visit to the Bookhout home today by the writer showed that Mr. and Mrs. Anderson are doing very nicely and are expected to be out very soon.

While passing through Mr. Dora, Mr. Anderson said his car was hit but apparently no damage was done, save a bent fender. However, it was discovered after examining the car at Taft that a rod had been bent down also so that it rubbed continually against the tire, which, it was evident, caused the blow out and the crash into the tall brick pillar.

The Andersons were on their way to spend the winter in St. Cloud, and were sufficiently recovered today to express their thanks for being here and for their escape from more serious injuries than they suffered.

### COMMERCE BODY TO LAUNCH DRIVE BY DINNER-BANQUET

#### EVERYBODY PRESENT EXPRESSED DESIRE TO BE HERE ARMISTICE DAY NOTWITHSTANDING ENTICING OUT OF TOWN INVITATION

A evening dinner-banquet will be held in the rooms of the chamber of commerce at a near future day for the purpose of launching a membership drive in order that the comprehensive program for the organization's winter activities may be carried out with the highest degree of success.

This was agreed upon at Wednesday's luncheon and Messrs. Trickle, Outlaw, Paxson and Porter were named a committee of four to work out details—arrange for the dinner, the music and name the day.

In the discussions that resulted in the adoption of a resolution providing for the foregoing plan, it was brought out that a great number of regular members would be in line during the current month to pay up for another year, and as it had been shown that the chamber was in what business men present declared a very good condition financially, there was no reason to prevent a drive at this time to make the work of the chamber all the more effective.

#### Play After Drive

Mr. Becker discussed the proposal he had made to put on a play, to be selected from a large repertoire he and Mr. Tripsett owned, for the benefit of the chamber, but it was voted to defer action in this respect until a later day.

#### Want to Stay Here

A letter from the Coral Gables Chamber of Commerce offered considerable inducement to a representative of the St. Cloud chamber to visit that city and attend a banquet on the evening of November 10. Chairman Pike, after stating he could not make the journey, called for a volunteer, but every one present readily concurred in Mr. S. W. Porter's views—that St. Cloud's big Armistice Day celebration would be no good for any of its citizens to be absent, which, it was pointed out, the Coral Gables trip would reasonably necessitate.

### A GREAT MUNICIPAL GOLF COURSE IS POSSIBLE HERE

BUSINESS MEN'S CLUB COMMITTEE IS GETTING PROPOSALS INTO CONCRETE FORM—PROBABLY 100 ACRE TRACT DONATED

St. Cloud is nearer to the establishment of a golf course today than at any time since the discussion of this question has occupied the attention of the Business Men's Club, Chamber of Commerce and other local organizations, as a result of action taken last night by the St. Cloud Business Men's Club. A definite proposition is ready to be made to the committee appointed, to donate to the City of St. Cloud approximately 100 acres of lakefront land for a municipal golf course and club house. The committee, composed of Messrs. Paxson, Ruhlen and Brauner, was instructed to confer with the land owners, and also to prepare an estimate of the costs of a nine hole golf course, with a suitable club house and report at the meeting next Wednesday evening. The plan suggested by Mayor Colvin Parker and others was to have the city issue bonds to build the links when the cost was ascertained, the whole matter to be submitted to a vote of the taxpayers.

Definite decision was arrived at for the big all day picnic sponsored by the business men of the city, the date being agreed on for Thanksgiving Day. The citizens of St. C. and will be asked to bring their baskets to the city park, and coffee and other items will be served by the committee, the actual details to be announced later. Mr. Ruhlen is chairman of the picnic committee.

Expressions of the success of the first band concert were heard at the meeting last night, a member stating that this year it was their opinion St. Cloud had the best band ever assembled in a city of this size, and that much good would result from the programs to be rendered from time to time.

A proposition to organize a men's give club from the membership of the Business Men's Club, met with general approval, and a committee was appointed to organize the members of the city. H. S. Dwyer was named chairman and Sam Brauner and Wm. Seabridge complete the committee. (Continued on Page 81x)

They were then conducted to the kitchen and to the "skeleton room." Guests finally made their exit through a window in the living room to the lawn, where Halloween games were enjoyed.

Colorful place cards on which the letters in the names of the guests had been transposed or "jumbled" caused much amusement when it was found that these scurrying was necessary to determine each guest's place.

# PROGRESS

**F**OR THE past three weeks we have proved to you the advantages of a united effort to back and support, first of all, the businesses and enterprises of our own town.

The policy, of course, is not a new one, but it is unfailing and sound, proved elsewhere—why not here?

We are not selfish—bear in mind—when we urge every citizen of St. Cloud to spend every cent required for their needs, at home—we are patriotic. By buying at home your money keeps turning over here at home, and every time a dollar turns someone gets a dollar's worth. Eventually it will turn back to you.

When your dollar leaves for other parts, it may never return.

We have so often witnessed—in other towns—the lasting prosperity that paralleled the policy of considering "My Town First" that we cannot see why—why every man, woman and child in St. Cloud should not join, shoulder to shoulder, in the movement—St. Cloud First—and BUY AT HOME.

If you will stop a moment in common reason, you will realize that the merchants of St. Cloud can sell you just as good if not better goods than you can buy elsewhere. Certainly it costs nothing to investigate the goods in your home store first. There you see what you are getting. Then let's remember—

## WANTS TO MEET THE "5 FOOT 3" LADY HE READ ABOUT

There is a man out in Texas who wants to correspond with that "Five-foot-Three" lady, who made it known some time ago that she was not averse to corresponding with a gentleman.

In a letter turned over the editor of the Tribune, the man gives his name as C. Calhoun, Caldwell, Texas, and says:

"Dear Lady:—If you get this please write me, as I got your description, but not your name; so I am trying through this source to reach you."

He says he is 55 years old, and is five-foot-ten inches tall, blue eyes, fair, dark hair—looks younger. He is a Christian man, he says, with no bad habits—a good man in every way.

## PREPARING FOR RED CROSS ROLL CALL ARMISTICE DAY

WASHINGTON, D. C., Nov. 2.—Plans for participation in the Eleventh Annual Red Cross Roll Call of the American Red Cross, during which the organization will seek to enlist a total of 5,000,000 members, will be mapped at a series of five regional conferences to be held in Florida this week. The Roll Call will open on Armistice Day and continue until Thanksgiving.

Decision to increase the enrollment to 5,000,000 members was made at a meeting of the central committee of the Red Cross during the recent, seventh Annual Convention in Washington. At the time this announcement was made it was explained that the organization, by instituting the present foreign and domestic budget and continuing to carry on disaster relief on the fee basis for the past five years, must increase enrollment would provide the cross the annual income of \$1,000,000, since fifty cents from each membership funds required.

Both national and state officers of the Red Cross will be present at the various conferences. Every phase of work will be discussed, particular emphasis being placed upon the roll call, disaster relief organization and the Junior Red Cross.

Officers of the Red Cross in Washington report a splendid response from Florida chapters to request to the forthcoming membership campaign. Practically every chapter has wired acceptance of the quota suggested to them and expressed confidence in a successful roll call. Large delegations are anticipated for all of the conferences.

## AMERICA NOW HAS 135 WEEKS IN EVERY YEAR

America now has 135 weeks to be observed each year according to an article appearing recently in *Editor & Publisher*, and they range from "A" to "Z"—"2nd" not being reached—with the exception of "T", "Q", "U" and "X". They run from Bread and

Milk Week to Prune Week and from Blossom Week to Grandmas Week.

The versatility and ingenuity of the advertisers of America are given credit for this deluge of weeks, their creation being planned to give the ever-stirring American people new thoughts and channels of entertainment and recreation, disregarding the famous Thales, who, when he reckoned that thousands of years ago, found room for but 52.

April has nine weeks; May has five; October, seven; and November, nine. Yet a new calendar has not been arranged.

Guy E. Martin, manager of the research department of the Los Angeles Chamber of Commerce, has compiled a list containing the names, and in some cases, the dates of all the special weeks and days that now grace the American calendar. In preparing the list he was assisted among others by John Cotton Dana of the New Jersey Public Library; the Chamber of Commerce of the United States; the Bureau of business standards of the Shaw Publications; the Chicago Daily News and the New York Times.

October does very well with "Apple week"; "Fire Prevention week"; "Girl Scout week"; "Management week"; "National Fire Prevention week"; "National Picture week" and "Pharmacy week."

November, all in all, is a most serious-minded month with "American Education week"; "Book week"; "Children's Book week"; "Father and Son week" and, fortunately, "Prayer week." The city materialistic crowd struck in this month of Thanksgiving time, with its turkey, pumpkin pie and other fixings, is that of "Canned Foods week," officially listed for November.

## PARKER IS INVITED TO ATTEND AIR PORTS MEET

Mayor Wm. Hale Thompson, of Chicago, has issued an invitation to Mayor Calvin Parker, of St. Cloud, to attend a National Air Ports Conference at the Hotel Sherman, Chicago, on December 12 to 15, for the purpose of arranging for the construction of landing fields in all progressive cities.

Mayor Thompson desires that Chicago use her unlimited resources to establish passenger, express and mail air service, with all American cities, but this service is now impossible because of lack of landing fields in many towns.

Mayor Parker is heartily in favor of the project, and will be found favoring the designation of an ample field here at such time as others interested in the suggestion express a desire to do so.

## GETS 90 DAYS

Tommy Handy, who says he came from North Carolina, was sentenced to 90 days in the county roads last Monday by Justice of the Peace Moore after Handy admitted the stealing of a few old garments, a pencil box or two and a couple of powder boxes and powder puffs from the high school building.

Handy said the windows were open and that he entered the building without any difficulty.

Steaks cook "right to your taste" on the latest Perfection Stove!

Touch a match to the wick. Intense, gas-like heat pours up the long chimney. Heat covers the entire cooking surface of skillet or broiler. It's not focused on one tiny spot. That's why steak is always so well cooked on the newest Perfections.

Only 10 minutes to fry a steak 1 inch thick! For best results use a flame with yellow tips 1 1/2 inches high above the blue area.

Perfection Stoves give best results for all kinds of cooking—frying, broiling, roasting, boiling, baking. They burn kerosene, the safe fuel. Ask any dealer to demonstrate.

### LEST WE FORGET---

Nine years of peace and prosperity—yet still fresh in the minds of all remain solemn, reverent thoughts of those bitter years before the Armistice, when lives were sacrificed in the cause of World Democracy and Lasting Peace.

We have not forgotten—nor shall we easily forget—the debt we owe to those who have made the last nine years of peace possible—and in grateful acknowledgment to those living, and to those who gave their lives, we dedicate this space.

### In Flanders Fields

Lieut.-Col. John MacCrae

In Flanders fields the poppies blow  
Between the crosses, row on row,  
That mark our place; and in the sky  
The larks, still bravely singing, fly  
Scarce heard amid the guns below.

We are the Dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved, and now we lie  
In Flanders fields

Take up our quarrel with the foe;  
To you from failing hands we throw  
The torch; be yours to hold it high;  
If ye break faith with us who die  
We shall not sleep, though poppies grow  
In Flanders fields

### A GREAT MUNICIPAL GOLF COURSE IS POSSIBLE HERE

(Continued from Page One)

L. T. Paxon reported correspond-  
ence with the A. C. L. concerning the  
location of a golf mill in this section,  
and asked for a committee to work  
with a like committee of the Chamber  
of Commerce. Calvin Parker, John F.  
Daniels, and A. S. McGee were ap-  
pointed for this work, and a meeting  
of the two committees will be held at  
5 o'clock tonight in the office of Calvin  
Parker.

B. L. Stevens introduced Mr. Grill, of  
Wahkiakum, Rhode Island, who talked  
on the advantages of a golf course.  
Following Mr. Grill's talk the plans  
were discussed as stated above. It  
was estimated that not over \$15,000  
would be required to complete the  
links, and as low as \$10,000 may be  
found sufficient. The links would be  
self-maintaining if it was rented out. The  
details of the offer to donate the land  
will be worked out by the committee,  
and from information on hand the out-  
look for a successful conclusion of this  
plan is brighter than ever before.

The matter of discussion of the white  
way system with the city officials was  
laid over until next meeting.

honors when the game has been fought  
out on the field on the afternoon of  
November 11th.

At 7:15 p. m. "Little Drums of the  
Big War" will be presented at the  
G. A. R. Hall and all who witness the  
performance are assured of a good,  
clean show. It is taken from the  
works of Robert Service, internation-  
ally famed poet, and the actors it is  
said have their parts well toward per-  
fection.

"Bob" Service served during the  
war with the Medical Corps, and his  
works are founded on actual expe-  
riences, which came to his notice  
while "Over There."

The players are all boys who did  
their bit, and everyone who possibly  
can do so should attend this perfor-  
mance. It is full of good thought and  
extremely entertaining comedy and  
spectacular scenery has been secured for  
the production.

At 9:00 p. m. dancing at the "Victory  
Ball" will commence at the Hun-  
ter Arms Hotel, and this is scheduled  
to eclipse any other similar event of  
the season as well. Everything pos-  
sible for the comfort and convenience  
of guests has been arranged by the  
management and music will be fur-  
nished by a six piece orchestra, selected  
from the Municipal band. There will  
be a dressing and retiring room for  
the ladies and a check room for gen-  
tlemen. Dancing will continue until  
1 a. m. The ball is invitational and  
the invitations will be mailed out  
early next week.

Each and every member of the A.  
L. and L. A. is strongly urged to pre-  
sent to the committee the names of  
their friends in whom they wish to  
have invitation sent. These names  
must be handed in by Monday, Novem-  
ber 14th. Each member is allotted four  
invitations, and for these application  
should be made to the committee, con-  
sisting of E. R. Becker and H. G.  
Cutter.

### Meeting Next Monday

On Monday evening, November 14th,  
at 8:00 p. m., the regular meeting of  
the American Legion will be held at  
the office of Parker and Parker on  
Tenth street.

At this meeting the final check up  
of details for the celebration will be  
made, and in addition some business  
of the utmost importance will be in-  
troduced.

"Buddies, turn out as if you have  
not already heard what this business  
consists of, you are due for a pleasant  
surprise."

"Once again", pleads the committee  
"let us all, Legionnaires and citizens,  
turn out Armistice Day and make  
November 11th, 1927, a red letter day  
in the history of St. Cloud."

reading detective story from the pen  
of Louis Joseph Vance, entitled "The  
Lone Wolf Returns," with Best Lyell  
and Billie Davis as the stars.

The story is one of gripping interest  
full of thrills and surprises, with a  
fast moving plot unfolding one sensa-  
tion after another.

It is probable that no detective pic-  
ture of recent years has enjoyed greater  
success or created more wide  
spread comment than this masterpiece  
of a master writer whose work stands  
alone in a class by itself.

Following this great picture the pro-  
gram will include a serenely funny  
two reel Rosh Paltard comedy en-  
titled, "The Dough Boy"—just fun  
fast and furious.

Special bargain prices will prevail  
—10 and 25 cents.

Two shows—7:00 and 9:00 P. M.

### Letters to the Editor

#### GLAD TO BE BACK

Editor, The Tribune.—From a win-  
try summer to a summery winter, I  
am so glad to be back in our beau-  
tiful city again.

I often wonder how people coming  
from the north and often from so-  
called cities that have stood absolute-  
ly still for 50 years can find fault  
with our progress here in Florida, es-  
pecially St. Cloud.

It was my privilege not long since  
to be taken over our paved streets and  
I was amazed at the amount of work  
that has been accomplished here dur-  
ing the last six months—while I was  
in Maine.

Do we rightly appreciate our pri-  
vilege and our city? and, most of all,  
the fact that we are made up of en-  
tirely American people; and it should  
be ever our aim to keep it so—a home  
city, a respectful city and a retreat  
for the Fathers and Mothers of our  
Young America.

I see in my mental vision great pos-  
sibilities for St. Cloud in popularity  
and growth and let us be all the time  
looking for good—and it will come  
to us.

A Resident.

## AMOS PLEADS FOR JUSTICE

Lesson Text—Amos 5:1-15

The chapter before us is called in the first verse a "lamentation," or dirge. A study of the whole book will show that it is a record of denunciations. In view of the low state of morals existing among the nations, Amos denounced not only Israel and Judah, but all the surrounding nations, forecasting the judgments that were certain to fall upon them.

Why's chapter predicts the approaching period of Israel's decline and fall, exhorts the people to seek the Lord and portrays the glory and power of Jehovah as reasons why He should be both feared and sought.

Remember that Amos was not a theological seminary graduate (7:14-15) but God is never stricken for instruments when He desires to warn a people of approaching judgment. It is not uncommon for Him to make use of some humble herdsman to stand before the people in the power of the Holy Spirit, saying, "Hear ye this word which I take up against you."

"The Virgin of Israel is fallen," said Amos; she shall no more rise." Like other Old Testament prophets, he employs the figure of a virgin to denote the outwardly prosperous life of Israel—the luxury and special position upon which it rested itself. Now, at the height of its prosperity, Amos announced that it is soon to come. The city that was able to send out a thousand warriors should be able to number out a hundred; in other words, nine-tenths of the people would perish or be removed from their land.

Even in this pronouncement, God's conditional promise of mercy was pressed upon Israel. "Thus saith the Lord:—Seek me and ye shall live" (v. 4). How remarkable was the long suffering and patient forbearance of God in dealing with his people, who, from the first, were so disobedient and defiant! Nor is He different toward His wayward people today. In spite of all their worldliness and apostasy, He seems never to weary in endeavoring to win back their trust and loving allegiance.

"Seek ye Me and ye shall live" is His persuasive injunction to an apostate church today. "Seek not Bethel and Gilgal" (v. 5), the infamous centers of idol worship. Today man is setting up himself as the only God there is. "The worship of humanity is no less odious to God, nor will He fail to 'break out like fire and devour' the nation that so any extent gives itself over to such apostasy.

"Bethel shall come to naught" (v. 5). This is among the last references to this place. Josephus tells us how poor little Bethel, once justly called "the house of God" and now "the gate of heaven," was by the Roman army crushed into oblivion. Twelve miles north of Jerusalem, there is today a wretched, filthy, little Mohammedan town called "Beitla," which marks the site of ancient Bethel.

Verses 7-9 emphasize the majesty and might of the God who has thus spoken to His people. The leaders who perverted judgment to wrongness

(v. 7) (did wrong) and who struck down righteousness to the earth, were bidden to remember Him who ruled in the heavens, Who ordained the courses of the stars, Who sent light and darkness, Who ordained the succession of the seasons, Who poured floods of waters upon the earth when He chose to do so—"The Lord is His name" (v. 8). What suicide to oppose such a God!

This magnificent description of God's power concludes with an expression which must have made a deep impression upon those who relied upon the military strength of their capital. Dr. Henry Cowles renders v. 9—"Who makes destruction flash out upon the mighty and desolation to come upon breaking forth of the dawn upon the strong city." The well-rendered "flash out" takes its figure from the darkness of the night—a figure which has most force in countries near the equator, where twilight is short.

Vs. 10-13 further expose the impious character of the leaders of Israel. They had no use for a just magistrate—"He that rebuketh in the gate" (v. 10). At the city gates justice was administered. The popular judge in our day is the one who is ready to give the verdict to the man who will only him the most gain.

They "reared upon the poor" (v. 11) and exacted unjust wages; those that the unscrupulous might build themselves costly houses and have plenty of money to drink. One would almost think Amos was writing up the A. S. in which we live.

"Therefore the prudent shall keep silent in that time (the judgment foretold) 'for it is an evil time'" (v. 12). Cautiousness often appears as prudence, but the day will come when God will do the talking, and to Him "all their transgressions" and mighty sin" are known (v. 12). However much they may have built their costly mansions and planted their extensive vineyards, God would frustrate their hope of enjoying them.

Once more Amos urges repentance and reformation. "Seek good and not evil, that ye may live" (v. 14); and then he added the more specific injunction: "Hate the evil and love the good." It is more empty talk that speaks of God being with a man when he himself is not controlled in heart and life by hatred of evil and love of good.

Until men hate evil and love good there can be no equity in the administration of justice and no reign of truth and righteousness in society. This is not a principle that rules in the natural heart of man, and our New Testament teaches us that it is not until the Lord Jesus Christ comes to dwell in man's hearts by faith that evil does really become hateful to them and good becomes their supreme desire.

Who can fail to see how perfectly the message of Amos fits the day in which we live? Are there not still hints to God's forbearance? Our land has likewise been greatly prospered, God has given us many great and

devout men to press upon our people His warnings and exhortations. Alas! Influential leaders have been seducing the people away from the old Book and the old faith. Fearful apostasy stalks abroad.

Rejection of Christ, defiance of the commands of the Bible and ridicule of His worship are in the very atmosphere today. It is hard to fight against God. All of our twentieth century wisdom and all of our scientific devices put together can never withstand Him when His pathos comes to an end. "Seek ye the Lord while He may be found; call ye upon Him while He is near."

## FITH AND PAINT

Many a man is willing to hear the Word—if it has to do with the other fellow's sin (cf. "against you" v. 1).

There can be no real attachment to the Lord until there is a detachment from the world (v. 5).

God endures no rivals. He is not sought truly unless he is sought only.

He who seeks out perishing gods must expect to perish with them (v. 6).

The God who is able to turn the shadow of death into morning and to make the day dark, is able to turn sorrow to joy and the prospect of sinners to outer darkness (v. 8).

That which is not honestly gotten, will not long be enjoyed. (v. 11).

All sin is against God and His guilt

is heightened when it is done against light (v. 12).

## SUGGESTIVE QUESTIONS

Who is the Virgin of the New Testament? (2 Cor. 11:12.)

What is the proof that a man has really sought the Lord? (V. 6. Cf. v. 14.)

See if you can discover a seven-fold word of truly seeking the Lord? (Vs. 6, 9, 14, 15.)

Is the God of all power in the universe ready to use His power for individuals, and on what terms? V. 8. Cf. 1 Pet. 1:15.)

What is the folly of living by opposing others? (V. 11. Cf. Ps. 69:10, 13-15.)

In view of the statement of v. 13 what question may we all well ponder? (Ps. 136:3.)

If one really hates evil (Rom. 12:9), how will his hatred express itself? (1 Thess. 5:22.)

## GOLDEN TEXT ILLUSTRATION

"Let judgment run down as waters, and righteousness as a mighty stream" (Amos 5:24).

While Athens was governed by the thirty tyrants, Socrates was summoned to the Senate House, and ordered to go, with some others, to select a certain man of rank and fortune, whom they had determined to put out of the way, that they might get his estate.

## BALL CLUB'S PLANS GIVING KISSIMMEE MUCH PUBLICITY

As an indication of the publicity that is given to a city where baseball clubs stake their winter training quarters, it is interesting to read the following article, taken from a Rochester, N. Y., newspaper, which describes the city in a most favorable fashion, and tells a story for the community through the pages of plans of the Rochester International team to train at Kissimmee this season.

The "Big Three" of Rochester baseball, a new era in ownership, gathered this morning in the club offices, Mercantile Building, to take over control, to collect all the loose ends and to elect officers.

To the world of sport, literature, Walter Hazen, superior of golf, will be president of the Rochester club of the International League. It does not matter that Walter the Great will retire from golf. Not in the least. He still will play in tournaments and in exhibitions, but his heart and his pocketbook will be in Rochester baseball.

It is in the books that John H. Gannet, winner of pennants for Rochester in 1900-10-11, will be vice-president and manager. Robert Harlow, writer of syndicate golf stories and manager for Hazen, will officiate as secretary and business manager for the team.

Tonight Gannet will leave for Washington, where he expects to talk with Clark Griffith relative to player deals. He will return Thursday. Then covering a period of eight weeks Big Jess will be talking around to cities in all sections to plan for a resuscitated fall league next season.

Even before the actual transfer of owners took place, Gannet had arranged for a training place for next spring. The team will do its pepping up at Kissimmee, Florida, a sweet little town not so far from Orlando, within short distance of Miami and close enough for a week-end jump to Cuba. The town of the town want Rochester there. They have a fine hotel, a swimming pool, a good Chamber of Commerce, splendid fishing and even a boxing arena.

It will be the first time that a Rochester team has trained in Florida, although in 1926 the Tribe did its spring work at Waycross, Ga., not more than sixty miles from the Florida state line.

By the way, the name "Prize" will have to be dropped. It was tucked on as a nickname when Stallings took control of the team seven years ago. The new name will not be the Hinders, which staple title it had when Gannet managed in 1900 and thereafter. Nor will it be the Colts. Something new will have to be devised.

What will happen to George Mordridge, manager last season from July 1 to the finish, and who has a two year contract to run, is problematical. He may be sold elsewhere or may be retained as a pitcher. That has not been determined.

## MAN IN MAINE ASKS FOR A BUNDLE OF OUR BOOKLETS

Illustrating the value of the Tribune as the city's greatest messenger and indicating its broad circulation, a letter received today from far off Waterville, Maine, is pertinent. It came from Mr. C. H. Goodhue and says:

"Please send me 50 or 100 St. Cloud booklets, as I saw in your issue of the 29th that you had some on hand, and as I can not come to St. Cloud until the last of November or the first of December, will try and distribute some around here in central Maine, as I shall travel about quite a little before we start south.

"It is getting quite cool here and here's some snow in North Maine."

## DEATHS AND BURIALS

### COMRADE JAMES BURTON

Comrade James Burton passed away at his home on Missouri avenue on Monday, October 24, and the funeral services were held Wednesday morning at 10 o'clock at the funeral parlors of Elmhurst Brothers, the Rev. Bert Anderson officiating.

Mr. Burton was born at Boston, Mass., on June 29, 1849, and early in life professed faith in Christ and united with the Methodist Episcopal church.

At the opening of the Civil war he enlisted in Company D, Hays' West-ern sharpshooters, and served to the end of the war, receiving an honorable discharge at Springfield, Ill., July 11, 1905.

He was in the following battles: Balls Bluff, Ga.; Chancellorsville, Va.; Perry, Ga.; Home Run, Md.; and was with General Sherman on his march to the sea, as well as through the Carolinas, and on to the grand review at Washington, D. C., on May 24, 1865. During his service he was promoted to Fifth Corporal.

Mr. Burton is survived by his wife and two nephews. The burial services of the local G. A. R. Post was also held at the close of the service.

Mr. and Mrs. Burton have made many friends during their nine years' residence here in St. Cloud.

### MR. HENRY C. BARTLETT

Friends and relatives of Mr. Henry C. Bartlett were saddened to learn of the death here late Thursday evening, last, of this splendid soldier and citizen. He was more than 85 years old and had resided in St. Cloud, since for his usual summer visits to his old home in Minnesota, since the foundation of the town nearly 20 years ago. And oddly enough he enjoyed a wonderful family reunion at Lake Crystal, Minn., just before he departed for Florida about the middle of September. The body was laid to rest in Mount Peace cemetery Sunday afternoon.

At the services, the Rev. Dr. Campbell, of the Presbyterian church here, officiated. Mrs. Conn sang "Abide With Me." The bier was draped with floral tributes to the deceased and a large number of friends including six pall bearers and six honorary pall bearers gathered at the Elmhurst funeral parlors to pay their last respects.

Henry C. Bartlett was born at East Sidney, N. Y., on May 7, 1842—died Thursday evening, October 27, 1927. He enlisted on August 28, 1861 in New York and was sent to the front as a private in Company K, August 30, of the same year. He served three years when he was mustered out as a Corporal. He was wounded in the battle of Gettysburg and again at Aldie. He re-enlisted as a private on February 25, 1864 and was assigned to Company B, appointed a Corporal and sergeant. He was mustered out, having served as quartermaster Sergeant, on June 23, 1865 at Alexandria, Virginia.

In 1867 Mr. Bartlett married Mary Green and moved to Minnesota. She died in 1870, leaving four children: Harry, Frank, Edna and Earle.

Mr. Bartlett married Samantha J. Mills in 1879. Five children were born to this union, they being Ray, Ethel, Charlotte, Bartlett and Nell.

He was a member of the L. L. Mitchell Post, G. A. R., St. Cloud.

"Everything's all right everywhere we went," said Mr. C. J. Miner who has just returned, with Mrs. Miner, from the couple's summer home at Walling Lake, Michigan. There was no rash in particular in the states through which we traveled, but normal building is going on, and anyone can see that there is no danger of permanent depression in this country," Mr. Miner declared.

Rev. and Mrs. L. E. Leech, of Kenosha, Wis., accompanied Mr. and Mrs. Seal Harden on their return to St. Cloud. Mr. and Mrs. Leech spent the winter of 1925 in St. Cloud.

Mrs. G. A. Gunnison arrived Thursday from New York and Boston where she spent the summer. She spent some time with her son, Donald, who is a Junior at Harvard University this year. Mrs. Gunnison was accompanied by Mrs. J. S. Duman, of Harrisburg, Pa., who came to join her husband and daughter in St. Cloud.

Recent acquaintances from Rev. and Mrs. E. H. Hubbard, who spent several months last spring with Mrs. Hubbard's parents, Rev. and Mrs. N. W. Beauchamp, of St. Cloud, state that they are presently located in Hartford, Connecticut, where Mr. Hubbard is attending the Kennedy School of Missions prior to his return to the foreign mission field in China.

### MANY FILM THRILLS WILL BE SEEN AT PALM THEATRE

Many film thrills will be shown at the Palm theatre among these being "Jewels of Desire" in which Priscilla Dunn is starring. The picture will be shown Monday and Tuesday, and a treat is in store for all devotees of the screen.

"Building Flack", Bob Custer's latest starring picture for FBO, is showing at the Palm theatre, Saturday.

Stepped in romance and stirring in the vital action typical of the most vivid days of the conquest of the West, "Building Flack" is said to set an exemplary precedent as a vehicle for the remarkable talent of Custer as its star.

Custer plays the character of a rancher who in addition to his land interest operates a gambling hall in the frontier town of "Hardbone." As an aggressive exponent of square shooting, he wins the enmity of the lawless element of the primitive community. When the Haviland family arrives in Hardbone from Iowa, Custer seeks to protect them against the depredations of the evil element, and a crusade is launched which makes Custer a marked man, a target for the guns of every outlaw in the place.

Viola Daniels, as Jess Haviland, play the leading feminine role. The fantastic environment of metropolitan gaiety is brought to the screen in "The Lure of the Night Club," Viola Dunn's latest starring vehicle for FBO at the Palm theatre, Wednesday.

Though basically the romantic story of the efforts of a dancer to break from her repelling life as a popular entertainer, "The Lure of the Night Club" provides a diverting glimpse into the innermost circle of unrestrained night life in the metropolis and of the early morning revels of spendthrift pleasure seekers. As the star of the production Miss Dunn is seen as a dancer in the "Golden Garter" one of the most popular of New York's night clubs.

Her characterization is one in which Miss Dunn, in spite of her popularity she enjoys in this garish atmosphere, longs to exchange it for a "place in the sun" in the country environment of her earlier youth. How a great love, struggling for expression in the artificial night club life blooms untended in the country and breaks into full blossom in the contrasting atmosphere of the night club is poignantly told in the relation of this absorbing story, on the screen.

#### MRS. BROOKE THANKS FRIENDS

Following the singing of Mrs. Clara Brooks over WJAX, Jacksonville, recently, a large number of the artist's friends who delight in her splendid voice and her ever-willingness to entertain others have requested the Jacksonville broadcasting management to arrange for her more frequent appearances on their programs.

A large number of telegrams and letters from St. Cloud radio fans congratulating the artist on the excellent manner her voice carried over the air have been received also by Mrs. Brooks and she has requested the Tribune to express her profound appreciation to all the signers.
